

The PAT Test lasts as long as the appliance can be guaranteed to be safe, or is safe. A PAT test is like an MOT on a car; it's only as good as the time of testing. An appliance could get mistreated or damaged in other ways, after the test has been completed, and it is back in use.

Mae Prawf PAT yn para cyn belled ag y gellir gwarantu bod yr offer yn ddiogel; neu for yr offer yn ddiogel. Mae'n debyg i Brawf MOT ar gerbyd: Nid yw ond cystal ag amser y profi. Gallai camdrin neu difrodi'r teclyn mewn ffyrff eraill, ar ol gwblhau'r prawf ac mae'n cael ei defnyddio.
